OTIS MCALLISTER, INC. INCORPORATES IN CHILE SA

Otis McAllister, Inc. is pleased to announce that December 1, 2012 marks the official incorporation of Otis McAllister Chile SA.

"Otis McAllister has been buying and selling food in Latin America for over one hundred years. Chile has increasingly been our most important market for sourcing high quality foods for sales throughout the region and is now also a significant market for our retail food products from around the world", Otis McAllister CEO Royce Nicolaisen said in the announcement to the press.

Otis McAllister has been successfully selling its La Sirena seafood products in Chile for the past three years. There has been so much demand for La Sirena that Otis has taken this opportunity to open its own distribution facility for La Sirena and the many other products they offer in Chile.

The distribution and sales operation will be headed by the newly appointed General Manager, Hiram Zuniga. Mr. Zuniga worked for many years as an export manager for some of Chile's most prominent canned fruit and vegetable packers. He is well respected in the Chilean agricultural community and will also assist Otis in their sourcing of products from Chile.

Otis McAllister's incorporation in Chile will allow it to provide their worldwide customers with Chile's wide variety of food and beverages including fruit, vegetables, fruit concentrates, juices and wine, and will ensure a stable, year round supply of the finest products.
